SECTION 1 - MANUAL OVERVIEW

1.1 PURPOSE

The purpose of this Purchasing Policy Manual (Manual) is to provide clear direction to all County employees regarding the purchasing policies of St. Lucie County, Florida. The adoption of this Manual and the approval of any subsequent revisions by the Board of County Commissioners (Board) shall authorize the policies contained herein for official use in County business.

1.2 SCOPE

The scope of this Manual includes all departments, offices and dependent taxing districts under the jurisdiction of the Board, as well as all purchasing transactions that are paid for directly from County funds under the control of the Board. The scope of this Manual shall not include payroll transactions relative to the Board.

1.3 DISTRIBUTION

This Manual and related procedures will be available to all County employees and the general public through the County's intranet and internet sites.

1.4 IMPLEMENTATION

- a. The County Administrator shall ensure that written procedures are maintained to implement and enforce the policies set forth in this Manual.
- b. The Finance Department, headed by the Finance Director, and under the authority of the Clerk to the Board, an independent Elected Officer, shall exercise dual authority over the County purchasing process for the purpose of implementing and enforcing these policies and related procedures on a countywide basis, as well as in the Finance Department for its role in the process.
- c. The County Administrator, in consultation with the Finance Director, is authorized to determine how to correct policy errors and violations when they occur. To the extent feasible, the error or violation should be corrected through implementation of the Manual policy.
- d. Violation of any of the policies in this Manual may be grounds for disciplinary action. In addition, a violation may result in the County's refusal to pay for any improperly ordered goods or services.
- e. As allowed by law, the Board shall have the authority, in specific cases determined to be exceptional, to waive or override the policies in this Manual and to direct a different handling of each such case.
- f. To the extent feasible, the Board expects purchases to be planned as part of the budget process.
- g. The Board recognizes that all purchases cannot be included in the budget or, when budgeted, the specific items and costs may not be known. However, employees shall not intentionally divide, underestimate or otherwise manipulate purchases to avoid the budget process, purchasing procedures and/or approval requirements.

1.5 REVISIONS

This Manual is to serve as a permanent and up-to-date guide to County purchasing policies. As changes are approved by the Board, the County Administrator or designee shall be responsible for updating the Manual and implementing appropriate procedures. The County Administrator is authorized to correct typographical or scrivener's errors to ensure the Board's policy intent is clear.

SECTION 2 - GENERAL PURCHASING OVERVIEW

2.1 ROLE OF THE FINANCE DEPARTMENT

The role of the Finance Department, as an agent of the Clerk to the Board and an independent Elected Officer, is to serve as the Accountant and Treasurer to the Board. The Finance Department shall exercise dual authority over the County purchasing process and, specifically, for the following:

- a. Pre-auditing all payment requisitions, prior to disbursement, to determine accuracy, legality, and propriety, and to determine that appropriate policies and procedures have been followed.

- c. Disbursing funds for purchase transactions that are legal and proper, and in compliance with all appropriate policies and procedures.
- d. Recording all disbursements in the County's accounting records.

2.2 GOOD FAITH POLICY

- a. A County employee acting in a private capacity shall not rent, lease, or sell any realty, goods, or services to the County. County Commissioners shall comply with Chapter 112, Part III, Florida Statutes and other applicable statutes and regulations related to conduct and disclosure. With regard to the receipt of any benefit or profit from any contract or purchase made by the County, the actions of the County Commissioners as well as any County employee having the authority to commit the expenditure of County funds through the issuance of a purchase order shall be governed by Chapter 112, Florida Statutes.
- b. No County employee shall solicit or accept anything of value to the employee including a gift, loan, reward, promise of future employment, favor, or service based on any understanding that the judgment of the employee would be influenced thereby.
- c. The County strives to maintain a strong and enduring relationship with vendors of proven ability. To accomplish this, purchasing activities will be conducted so that vendors will value County business and make an effort to meet our requirements on the basis of quality, service and price.
- d. The County will buy only from suppliers who have adequate financial strength, high ethical standards, and a record of adhering to specifications, maintaining shipping promises, and giving a full measure of service. New sources of supply shall be given due consideration as multiple sources of supply are necessary to ensure availability of materials.
- e. No purchase order or contract shall be knowingly issued when there is evidence of a conflict of interest. When a conflict may exist, but its existence is not clearly established, the County Administrator shall refer the matter to the County Attorney whose opinion shall be final in the absence of any specific action by the Board.

2.3 CONFLICT OF INTEREST

- a. All contracts between the County and any vendor or consultant shall contain a conflict of interest clause as approved by the County Attorney.
- b. Any professional consultant that contracts with the County as to the feasibility of any County capital project shall not be eligible to participate in any future design work on that project that might become

necessary as a result of the consultant's advice. This policy shall be included in any request for proposals related to the feasibility of any County project. The Board may waive this policy by majority vote.

- c. In addition to the provisions of Section 2.3(a)(b), federal standards of conduct apply to all federally supported grant projects, including but not limited to:
 - 1. No elected official, employee, or agent of the County shall participate in selection or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent would be involved.
 - 2. Such a conflict would arise when the elected official, employee, or agent, any member of his or her immediate family, partner, or an organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected or considered for award.
 - 3. The County's elected officials, employees, or agents shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to sub-agreements.
- d. Violations of the standards of conduct in this Manual may result in disciplinary action as set forth in Section 112.317, Florida Statutes, provided that such disciplinary action does not conflict with the jurisdiction of the State of Florida Commission on Ethics.

2.4 ENVIRONMENTALLY PREFERRED PURCHASING

- a. The County will seek to increase acquisition and utilization of environmentally preferred products and services, consistent with price, performance, availability and safety considerations. Environmentally preferred purchases are products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose.
- b. The County may consider paying a reasonable premium for environmentally preferred products and services.
- c. Environmentally preferred purchasing should be taken into account as early as possible in the planning and decision-making process. Environmentally preferred purchasing shall be considered in planning and design phases of new construction and renovation projects including energy conservation, green building technologies and Florida-friendly landscaping. The County will seek to increase the purchase and use of environmentally preferred office and cleaning supplies and electronic and computer equipment, including but not limited to the purchase or lease of duplex printers and copiers, consistent with price, performance, availability and safety considerations.
- d. Any vendor contracting with the County is required to purchase products or materials with recycled content when those products or materials are available at reasonable prices within a reasonable period of time unless the products or materials fail to meet reasonable performance standards. If the decision was made not to use recycled products, the vendor shall provide the County with a written statement indicating the basis for the decision.

2.5 VENDOR REFERENCE REQUEST

From time to time, the County receives requests for references regarding vendors, contractors, and professional services providers with whom the County does business. In the event an employee receives a request for a reference, the employee should refer the request to the County Administrator's designee for response.

SECTION 3 – CASH FUNDS

3.1 PETTY CASH POLICY

In addition, there are vendors which do not accept purchasing cards. For these reasons, the Board has adopted a Petty Cash policy.

3.2 PETTY CASH PURCHASE AUTHORIZATION

Petty cash purchases are authorized for minor purchases as determined by the County Administrator or designee. The County Administrator or designee or the Finance Director shall have the authority to disallow any purchase not made in accordance with such policies and procedures.

SECTION 4 - PURCHASING CARDS

4.1 PURPOSE

The County Administrator or designee shall determine who is issued a purchasing card and the limits of that card. Written procedures shall be established by the County Administrator to implement the following:

4.2 CARDHOLDER USE OF PURCHASING CARD

- a. The purchasing card shall only be used by the employee whose name is embossed on the card. No other person is authorized to use the card. The cardholder is responsible and accountable for all transactions that occur on his/her card.
- b. The purchasing card shall not be used for any personal use and any such use will require immediate reimbursement and will result in disciplinary action, which may include dismissal.

4.3 PURCHASING CARD REQUIREMENTS

- a. Prior to issuance of a purchasing card, the County Administrator or designee shall determine the single purchase limit and the 30-day purchase limit for the employee. The maximum limit shall be \$5,000 for a single purchase. Charges shall not be split to stay within the single purchase limit. Additional limitations may be imposed.
- b. When it is in the best interest of the County, the County Administrator or designee can override spending limits to authorize larger purchases.
- c. When in the best interest of the County, the County Administrator may authorize payment by credit card to take advantage of discounts.
- d. The Department Director or Division Manager shall review all employee purchasing card statements for compliance with County policies and procedures, sign statements indicating approval and ensure statements are processed in a timely manner. - d. Entertainment, except when authorized in writing by the County Administrator

- f. Clothing, except uniforms for participants in County programs
- g. Food or Recreation, except as approved in writing by the County Administrator for County programs
- h. Travel expenses such as hotels, automobile rental, and airline tickets, unless cardholder has a card specifically authorized by the County Administrator or designee for travel expenses.

- i. Any additional goods or services specifically restricted by the Department Director or the County Administrator.

4.5 FAILURE TO ABIDE BY PURCHASING CARD POLICIES AND PROCEDURES

Failure to abide by the Manual policies and related procedures regarding purchasing cards may result in disciplinary action, up to and including termination. The employee may also be required to pay the County for inappropriate, unauthorized or undocumented purchases and the employee's purchasing card may be cancelled. If the cancellation of the purchasing card impacts the employee's ability to perform their essential job functions, appropriate personnel action may be taken.

4.6 SALES AND USE TAXES

The County is exempt from paying any State of Florida sales and/or use tax, even if the purchase is made with the purchasing card. If the vendor charges sales tax, the cardholder must contact the vendor to obtain a credit equal to the sales tax.

4.7 PURCHASING CARD DISASTER PLAN

The County Administrator or designee will ensure there are special high limit credit purchasing cards which will be issued during disaster type emergencies. The County Administrator will ensure these cards are physically secured and issued only under the direction of the County Administrator.

4.8 SPECIAL PURCHASES

When in the best interest of the County, purchases may be made with a specifically designated purchasing card that will be in the name of the OMB Director.

SECTION 5 - PURCHASING PROCESSES

5.1 COMPETITIVE PROCESS POLICY

Normally, major purchases of materials, supplies, equipment, and contracted services from vendors will be acquired through competitive processes, including but not limited to, informal and formal quotations, invitations to bid (ITB), requests for proposals (RFP) and requests for qualifications (RFQ) as outlined in this Manual or pursuant to State Contract as provided by Chapter 287, Florida Statutes. The only exceptions permitted to this policy are those authorized in this Manual or authorized by the Board of County Commissioners.

5.2 EXEMPT PURCHASES

Certain purchases shall be exempt from the competitive processes as provided in this Manual:

- a. Purchases less than \$5,000;
- b. Intergovernmental purchases among County Departments;

- d. The purchase of or payment for utility services, including but not limited to water and sewer, electric, telephone, internet, etc.;

5.3 LOCAL PREFERENCE

Except where otherwise provided by federal or state law or other funding source restrictions or as otherwise set forth in the purchasing policy, St. Lucie County shall give preference to local businesses in the following manner:

- a. "Local Business" defined: For purposes of this section, "local business" shall mean a business which meets all of the following criteria:
 - 1. Has had a fixed office or distribution point located in and having a street address within St. Lucie, Indian River or Martin County for at least one year immediately prior to the issuance of the request for competitive bids or request for proposals by the county. The fixed office or distribution point must be staffed. Post office boxes are not verifiable and shall not be used for the purpose of establishing a physical address; and
 - 2. Holds any business license required by St. Lucie County; and Is the principal offeror who is a single offeror; a business which is the prime contractor and not a subcontractor; or a partner or joint venturer submitting an offer in conjunction with other businesses.
- b. Certification. Any vendor claiming to be a local business as defined above, shall so certify in writing to the Purchasing Division. The certification shall provide all necessary information to meet the requirements of the definition of local business above. The purchasing agent shall not be required to verify the accuracy of any such certifications, and shall have the sole discretion to determine if a vendor meets the definition of a "local business."
- c. The bidder/proposer and all lower tiered subcontractors under the bidder/proposer must properly classify employees as employees rather than independent contractors and treat them accordingly for purposes of workers' compensation insurance coverage, unemployment taxes, social security taxes and income tax withholding.
- d. "Non-local business" means a bidder which is not a local business.
- e. Waiver of the application of local preference. The application of Local Preference to a purchase or contract for which the Board is the awarding authority may be waived upon approval of the Board.
- f. Comparison of qualifications. The preferences established herein in no way prohibit the right of the Board to compare quality of materials proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids. Further, the preferences established herein in no way prohibit the right of the Board from giving any further preference permitted by law instead of the preferences granted herein.

g. Local Preference – Invitations to Bid

Under any such applicable solicitation, bidders/proposers desiring to receive local preference will be invited and required to affirmatively state and provide documentation as set forth in the solicitation in support of their status as a local business. Any bidder who fails to submit sufficient documentation with their bid offer shall not be granted local preference consideration for the purposes of that specific contract award. Except where federal or state law, or any other funding source, mandates to the contrary, St. Lucie County and its agencies and instrumentalities, will give preference to local businesses in the following manner:

1. Competitive bid (local price match option). Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined. When a qualified and responsive, non-local business submits the lowest price bid, and the bid submitted by one or more qualified and responsive local businesses is within 5% of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e.; the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.
2. In such instances, staff shall first verify if the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the Purchasing Division shall determine if the lowest local bidder meets the requirements of Section 287.087, Florida Statutes. If the lowest local bidder meets the requirements of 287.087, Florida Statutes, the Purchasing Division shall invite the lowest local bidder in writing to submit a matching offer to the Purchasing Division which shall be submitted in writing to the Purchasing Division within 5 business days thereafter.
3. If the lowest local bidder submits a written offer that does not fully match the lowest bid from the lowest non-local bidder tendered previously, the next lowest fully qualified local bidder will be given the opportunity to match if they are within 5%. This cycle shall be repeated until there are no remaining local bidders within 5%, then award shall be made to the non-local bidder. If the lowest local bidder does not respond, declines or is unable to match the lowest non-local bid price(s), then award will be made to the lowest overall qualified and responsive bidder. If the lowest local bidder does not meet the requirement of Section 287.087, Florida Statutes, and the lowest non-local bidder does, the lowest local bidder will be disqualified and the next lowest local bidder will be considered if they are within 5%, award will be made to the bidder that meets the requirements of the referenced state law. In the event a local bidder is awarded a contract pursuant to this section, all requests for change orders increasing the cost of the project must be approved by the Board.

h. Local Preference – Requests for Proposals (RFP)

In purchasing of, or letting of contracts for procurement of, personal property, materials, contractual services, and construction of improvements to real property or existing structures for which a request for proposals is developed with evaluation criteria, a local preference of the total score may be assigned for a local preference, as follows:

1. Local businesses which meet all of the criteria for a local business as set forth in this article shall be given a preference in the amount of five percent of the total score of the local business.
 2. Based upon analysis of the marketplace for each project, staff shall make a recommendation for or against inclusion of a local preference in the criteria for consideration by the Board as a part of the pre-publication process for each request for proposal or bid.
- i. Notice. Both bid documents and request for proposal documents shall include notice to vendors of the local preference policy.

- j. Reciprocity. In the event any other Florida county or municipality ("local government") deemed appropriate by the Board, extends preferences to local businesses, St. Lucie County may enter into an interlocal agreement with such local government wherein the preferences of this section may be extended and made available to vendors that have a valid occupational license issued by that specific local government to do business in that local government that authorizes the vendor to provide the commodities and services to be purchased, and a physical business address located within the limits of that local government. Post Office Boxes are not verifiable and shall not be used for the purpose of establishing said physical address. Vendors must also be authorized to do business in St. Lucie County. Vendors shall affirm in writing their compliance with the foregoing at the time of submitting their bid to be eligible for consideration as a "local business" under this section. In no event shall the amount of the preference accorded other local government firms exceed the amount of preference that such local government extends to St. Lucie County firms competing for its contracts.
- k. Limitations.
 - 1. The provisions of this policy shall apply only to procurements which are above the formal bid threshold as set forth in the St. Lucie County Purchasing Policies Manual.
 - 2. The provisions of this policy shall not apply where prohibited by federal or Florida law or where prohibited under the conditions of any grant.
 - 3. The provisions of this policy shall not apply to any purchase exempted from the provisions of the St. Lucie County Purchasing Policies Manual.
 - 4. The provisions of this policy shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), Section 287.055, Florida Statutes.
 - 5. The provisions of this policy shall not be applied to any procurement where the local nature of a business has been addressed through the scoring criteria.

5.4 PUBLIC ENTITY CRIMES

- a. Pursuant to Section 287.133, Florida Statutes, the Board shall not accept any bid from, award any contract to, or transact any business in excess of \$25,000 with any person or affiliate on the Convicted Vendor List kept by the State of Florida Department of General Services for a period of thirty-six (36) months from the date that person or affiliate was placed on the Convicted Vendor List that unless that person or affiliate has been removed from the list pursuant to Section 287.133(3)(f), Florida Statutes.
